

PERiSCOPE

Strengthening democratic resilience against disinformation and manipulation

PERiSCOPE empowers citizens, educators, journalists and young people to counter disinformation, gendered hate speech and foreign information manipulation through inclusive media literacy, civic engagement and responsible AI.

Objectives

- Strengthen citizens' and youth competences to recognise and respond to disinformation and manipulation.
- Support educators and media professionals with practical resources and training.
- Deliver cross-border awareness campaigns and youth-driven initiatives.
- Translate citizen insights into policy recommendations through structured dialogues.

What we do

- Capacity-building and training
- Public awareness campaigns
- Youth fact-checker networks
- Policy dialogues and knowledge exchange
